
Overview & Purpose

This document aims to provide clear guidelines for instruction during the Hybrid model of Instruction at MSAD 59 grades Pre-K to 4th.

Students will be engaged in three different types of instructional days:

- In-Person Learning
- Independent Learning
- Peer to Peer Collaboration

Each type of day requires different instructional expectations and experiences for students.

At the onset of each week, families will be provided with a clear outline of what will be covered and expected over the course of the week.

At grades Pre-K to 4th, teachers will communicate with families on behalf of their grade level, and Specials will be integrated on in-person school days.

In-Person Learning

DIRECT INSTRUCTION DAYS

- * Students will be split into Blue and Gold groups. Blue and Gold groups will alternate in-person learning with independent practice days.
- * Students will follow a traditional school day.
- * Students will remain in one class with additional protocols in place for social distancing, cleaning, and safety purposes.
- * Students will be sent home with work to complete for the second day as outlined in Independent Practice.

Peer-to-Peer Collaboration

GROUP WORK

- * Students will be able to collaborate safely with the use of

Discussion Boards

Separate Manipulatives

Separate Materials

White Dry Erase Boards

Independent Learning Days

INDEPENDENT PRACTICE

- * Students will be provided with independent work and practice that will be reviewed, expanded upon, referenced during virtual or in-person instruction to be completed at home.
- * Students need a quiet and comfortable working space at home to complete assignments.
- * Students will be expected to have a virtual Morning Meeting with their teacher on these days.
- * Students will use Google Meets with no distracting background while checking in with teachers.
- * Students/Parents may email the classroom teacher with questions but should expect a turn around response to take on average 24 hours Mon.-Thurs.
