

Volunteers build 133 window inserts for Madison Area homes.

Partnering with the non-profit Window Dressers*, volunteers met at the Masonic Lodge on Maxim Street from Wednesday Nov 13 through Saturday Nov 16 to assemble inserts designed to keep cold air out of drafty windows in older homes. This was one of dozens of similar builds held throughout the state.

*For more information about Window Dressers or to order windows for next year's build out, see their website at www.windowdressers.org
