

## Internships

A program of administrative internships shall be established under which members of the professional staff shall be eligible to act as temporary assistants to members of the administrative staff.

The purpose of the program shall be to:

1. Provide specific administrative services that have been clearly recognized as desirable for the improvement of the school system.
2. Promote among the staff a better understanding of the functions performed by various departments.
3. Develop administrative ability among staff members who have the potential and interest.

The program shall:

1. Keep expenditures in line with its value as part of the total growth opportunities for the professional staff.
2. Select the best qualified applicants.
3. Operate without disrupting other functions.
