

Land Use

The developed school site shall provide for, with limited maintenance, the following operations:

1. Instructional

- a. Space for the school plant and future additions
- b. Space for outdoor instruction, physical education and recreation
- c. Outdoor circulation between separate instructional spaces such as shops, gymnasium, library, athletic field, playgrounds

2. Auxiliary

- a. Outdoor circulation to toilets and drinking fountains, lunchrooms, places of assembly, bus loading area, parking areas, and to walks and roads away from the site.
- b. Parking areas for buses, cars of patrons and staff.

3. Service

- a. Outdoor circulation to heating plant and fuel storage, lunchroom kitchen, storage room.
- b. Space for sewage disposal facilities remote from school plant and adjacent properties.
- c. Space for other utilities.
- d. Parking for custodial and service vehicles.

4. Community

Some of the community needs may be provided for without enlarging school facilities.
