

Field Trips and Community Service

The board encourages and sanctions student trips or other out-of-school activities, including participation in interscholastic events and community civic projects, which are of value in helping achieve each participating student's educational objectives.

The school staff, under the direction of the administration, shall take all reasonable and prudent steps to safeguard the physical and educational welfare of participating students. Each such student shall be given guidance in setting up educationally sound variations in his/her school program to enable him/her to participate and shall be counseled as to his/her obligations in fulfilling them. The administration may place restrictions upon a student's participation when in the staff's judgment his/her welfare requires it.

Transportation for trips of significant educational value in the sense indicated above shall be free of cost to students only when approved vehicles are used. Transportation for trips of significant recreational value may be provided for a fee set by the superintendent of schools to recover costs.
