

Admission

The board encourages the admission of all eligible students. Verification of eligibility shall be the duty of the administration to protect our students from possible overcrowding with all its attendant disadvantages, and to protect our taxpayers from unwarranted financial burden.

The guidelines to eligibility for admission set forth in the state statutes must be followed.

Routine admission of persons who are over school age will be limited to residents or to children of residents and by available curricula space. Admission of nonresident children and adults will be guided by policies and regulations as set forth in policies JFAB/JFABB and JFAB-R, Nonresidents.

Tuition Fees

Students from other school districts may attend the schools of this district so long as:

1. There is room for them without undue crowding.
2. They or their sending district pays the legal tuition rate and/or be declared a resident student by mutual consent.
3. Tuition charges will be as set by the D.E.C.S.
