

Nonresidents

Recommendations of the superintendent shall be based on the district's policy.

Principals shall not permit out-of-district pupils to enroll until the approval of the inter-district attendance agreements.

Ample time shall be allowed for an inter-district attendance agreement to be acted upon by another district in cases where the pupil is already enrolled in the district and the parents establish residence in another district.

No pupil shall be admitted from another school area by the principal of the school until the transfer request has been approved.

Requests for attendance permits that would result in the over-enrollment in one school and the under-enrollment in another will not be approved.
