

## General Student Council

The purpose of the general student council and it's related school student councils shall be to:

1. Provide a channel for student expression in developing board policies and administrative regulations.
2. Enable students to discuss internal administrative problems of the schools.
- 3 . Permit students to exercise responsible decision making within the limits of a grant-of-power included in the student council constitution.
- 4 . Promote effective student/faculty/administration/board relationships.
- 5 . Promote citizenship training by providing direct experiences for students in the processes of democracy.

The school staff shall assist students in drafting and maintaining a constitution, bylaws, and regulations for a general student council that will be representative of the student council in each school.

Designated members of the staff shall be ex-officio members of the general student council.
