

## **OTHER MEDIA: Communications from Outside the Schools**

Students and faculty of the schools are to be protected from intrusions on their time by announcements, posters, bulletins, and communications of any kind from individuals and organizations not directly connected with the schools.

Materials distributed via the schools to pupils by non-school connected organizations must not contain advertising which is beneficial to any particular group or business.

The administration of surveys, questionnaires, and requests for information by non-school connected organizations may be approved at the discretion of the superintendent.

In all cases, the above policies will be executed by the superintendent at his/her discretion, and when any group or organization is not satisfied with such judgment as per the policy, it may petition the board in writing.

The superintendent of schools and the principals are urged to interpret this policy strictly. Exceptions may be made when, in their judgment, the best interests of the students will be served. In case of differences of opinion, the decision of the superintendent of schools will be final.
